1. Re-tailored Questionnaire for Phase 2

1.1 General Questionnaire

The general questionnaire has proven itself in phase 1. Taking into account information from over 3.000 interviews conducted this phase; there have emerged only minor issues that should be corrected in phase 2. For a few issues the amount of information gathered is already sufficient for the final analysis after phase 1 and has not to be extended into phase 2, for example question 17 regarding environmental awareness and environmental behaviour.

Length of the Questionnaire

The interviews have taken on average 23 minutes to be completed. The target average length of the interviews envisaged to be 20 minutes was only slightly exceeded by three minutes. Since question 17 will not be included in the questionnaire in phase 2, we expect the average length of the interviews to meet the target now.

Structure of the Questionnaire

In order to be able to gather comprehensive explanatory models for the changes in use of public transport, most questions will be kept unchanged to increase the sample size in phase 2.

The following main topics were determined for the USEmobility project and formed the basis for the development of the questionnaire in phase 1. This general structure will also be kept in phase 2:

a) *Screening Questions:*

- Current user behaviour
- Change in the last 5 years

b) *Initial questions (by relevance) for changes in mobility behaviour:*

- Operating schedule / journey time
- Fare system / price
- Awareness and knowledge of the public transport offer (price & schedule offers)
- Accessibility to the system (information, access to the stations, etc.)
- Image
- Atmosphere of the public transport offer (safety, friendliness, comfort, etc.)
- Reliability of public transport services (punctuality, connections, cancellations, etc.)
- Change in daily travel relations or in availability of mobility budgets

c) *Focus topics:*

- Human research field:
 - Sensation / estimation / emotions (complexity, fear, safety, sensory experience)
 - Familiarity (experience, habit, socialization)
 - Image / status assessment (static and dynamic in the case of changes)
 - Price perception / perception of mobility costs
 - Lifecycle-breaks -->if necessary classify at situative preconditions
- Transport Offer (individual vs. public transport)
 - Multimodal infrastructure of combination (journey time)
 - Simplicity / complexity of the offer
 - Environmental friendliness of the offer
 - Atmosphere (sensory experience, e.g. light, smell, cleanliness, appearance)
 - Social interaction / privacy / autonomy
- Communication:
 - Reducing complexity / offering / inviting / supporting access into public transport
 - Passenger information (amount and quality; before start of the journey)
 - Emotional communication (adventure, sympathy)
 - Role of opinion leaders incl. social decision processes
 - Ecological awareness in society
(Will not be addressed in phase 2.
The amount of information gathered in phase 1 is sufficient for the analysis)
 - Status / esteem of the means of transport

1.2 Case-specific Questionnaire

The case-specific questionnaire for selected regions / routes has also to be adapted only slightly for the deployment in phase 2. All those questions fitted to and coordinated with individual transportation companies and transportation associations will be kept and used unchanged in phase 2 to achieve the targeted sample sizes.

In the process of the re-design of the questionnaire all field-institutes and interviewers concerned were requested to report any practical deficiencies of the questionnaire or the structural requirements of the sample. No institute has reported difficulties, but rather a smooth implementation of the study and no problems with the use of the case specific questionnaires.

Therefore Quotas had no indication to change the case-specific questionnaires in other aspects than already done in the general questionnaire.

2. Final Sample Plan for Phase 2 per Country and Region

2.1 General

Figure 1: Interview on the Metronom in Germany

The survey is divided into a general National section and a case-specific section (e.g. Metronom) as described in D3.1 and 3.2.

For both sections the necessity for changes due to the experience / feedback of phase 1 was discussed in detail on the second consortium meeting with all project partners. The Quotas suggestions were approved by the consortium. No extra changes were required by its members.

2.2 Survey Design National survey

The sample comprises 1.000 online interviews per country, divided into two survey periods. A case number of 1.000 cases per country or 500 cases for survey period 2 is sufficient in order to enable segment-specific evaluation.

Differences between the segments (e.g. age group, region, means of transport, etc.) can be analysed and interpreted for each country with sufficient statistical security.

In survey period 2 online-panellists will provide representative interviews in Belgium, Austria, Hungary and Germany, as they did in phase 1.

Only in Croatia a change in methodology is necessary. The Croatian results of phase 2 will be based on computer aided telephone interviews (CATI), since the resources for a representative sample provided by Croatian online panels were almost exhausted in phase 1.

The comparability between the countries will be maintained even with a change in the sampling method, since the sample plan for the telephone interviews in Croatia will also follow the tested and representative scheme based on region, age and sex of the interviewed.

Document: USEmobility_WP3_D3.3_D3.4_110930_final_draft

Title: D3.3 'Re-tailored Questionnaire for Phase 2' and D3.4 'Final Sample Plan for Phase 2 per Country and Region'

The following table shows the sample plan for the National surveys for phase 2.

Country	Sample	Method	
		Online-Survey	CATI Interviews
Germany	N=500	X	
Austria	N=500	X	
Netherlands	N=500	X	
Belgium	N=500	X	
Hungary	N=500	X	
Croatia	N=500		X

Table 2: Methods applied for National surveys in each county

2.3 Survey Design Case-specific Survey

The number of case-specific regions / routes remains unchanged at ten in total.

The case-specific part of the survey enables the detailed examination of the participating transport systems or regions.

The following method-spectrum was available for selection in phase 2 of the survey:

- Online interviews (CAWI) with subscribers and visitors of the homepage
- Telephone interviews (CATI) with the users of the transport systems (personal recruitment)
- Personal interviews (CAPI) with the users of the transport systems on board of transport vehicles

The most suitable method was determined according to the availability of subscribers or contact details, and the willingness on the part of the transport companies to participate.

Furthermore, personal interviews on board of transport vehicles are only possible when the journey is long enough for interviews. Following checks by the partners, this is only possible for the USEmobility study in the cases of the *Metronom* and the *Budapest-Esztergom* route. The journey times on all other routes would only allow a maximum interview length of 5-10 minutes.

The following procedure was developed for the ten cases (status at 22.09.2011):

Country	Sample	Case	Method
Germany	N=200	Metronom	CAPI* interviews in the trains
Germany	N=200	Breisgau S-Bahn	Recruitment in trains and at stations; subsequent CATI** interviews
Germany	N=200	S-Bahn Rhein-Neckar	Online interviews with season-ticket holders; recruitment by e-mail
Austria	N=200	S-Bahn Salzburg	<i>NEW</i> : Online interviews with visitors from the Salzburger Verkehrsverbund Homepage; recruitment by flyer in trains
Austria	N=200	S-Bahn Steiermark	Recruitment in trains and at stations; subsequent CATI interviews
Netherlands	N=200	Valleilijn	Recruitment in trains and at stations; subsequent CATI interviews
Belgium	N=200	STIB	Online interviews with visitors from the STIB-Homepage
Hungary	N=200	Budapest-Esztergom	CAPI interviews in the trains
Croatia	N=200	Zagreb	CATI interviews
Croatia	N=200	Varazdin Medimurje	Recruitment in trains and at stations; subsequent CATI interviews

Table 3: Methods applied for each case specific survey

* CAPI: Computer-assisted personal interviews

** CATI: Computer-assisted telephone interviews

3. Appendix

(green=new or modified issues/ red=deleted issues)

3.1 Appendix 1: General Questionnaire

3.2 Appendix 2: Case-specific Questionnaire

Appendix 1: General Questionnaire

USEmobility general questionnaire

S1. Means of Transport Used on the Way to Work

1. Which means of transport do you usually use on your way to work?

Not applicable

	Always	Frequently	Occasionally	Rarely	Never
Passenger car / motorcycle	<input type="checkbox"/>				
Public transportation	<input type="checkbox"/>				
Bicycle / walking	<input type="checkbox"/>				

2. Consider the last five years. Has your use of this means of transport changed in these years compared to today?

Today, I use ... **on the way to work** ... compared to before

	Much more frequently	More frequently	Slight change / no change	Less frequently	Much less frequently
Passenger car / motorcycle	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Public transportation	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Bicycle / walking	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

USEmobility general questionnaire

S2. Means of Transport Used when Shopping / Running Errands

1. Which means of transport do you usually use when shopping and running errands?

Not applicable

	Always	Frequently	Occasionally	Rarely	Never
Passenger car / motorcycle	<input type="checkbox"/>				
Public transportation	<input type="checkbox"/>				
Bicycle / walking	<input type="checkbox"/>				

2. Consider the last five years. Has your use of this means of transport changed in these years compared to today?

Today, I use ... **when shopping / running errands** ... compared to before

	Much more frequently	More frequently	Slight change / no change	Less frequently	Much less frequently
Passenger car / motorcycle	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Public transportation	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Bicycle / walking	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

USEmobility general questionnaire

S3. Means of Transport Used for Leisure Activities

1. Which means of transport do you usually use for your leisure activities?

	Always	Frequently	Occasionally	Rarely	Never
Passenger car / motorcycle	<input type="checkbox"/>				
Public transportation	<input type="checkbox"/>				
Bicycle / walking	<input type="checkbox"/>				

Not applicable

2. Consider the last five years. Has your use of this means of transport changed in these years compared to today?

Today, I use ... **for leisure activities** ... compared to before

	Much more frequently	More frequently	Slight change / no change	Less frequently	Much less frequently
Passenger car / motorcycle	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Public transportation	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Bicycle / walking	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

USEmobility general questionnaire

Main questionnaire

Respondent(s) with changes

Filter: Questions 1 - 15 refer to the purpose of the journey

A. Current means of transport, mobility behaviour

The following questions refer to the purpose of the journey [Journey purpose]

1. Which means of transport do you use in particular? (multiple selections possible)

Filter: only users of public transport

- Bus
- Tram / subway
- City railway / local rail services (up to 100 km)
- Long-distance rail services (more than 100 km)

Filter: only users of cars/motorcycles

- Private car
- Company car
- Motorcycle

Filter: only users of bicycles/pedestrians

- on foot
- bicycle

Filter: users of cars/motorcycles and users of public transport

- Other

Filter: Use of more than one means of transport incl. other means of transport (bicycle) from screener

2. You use the following means of transport on the way to/from work. Which of these means of transport do you combine together?

Filter: show only means of transport used

Example:

- Tram / subway
- Private car
- Bicycle

- no combination of a number of means of transport

USEmobility general questionnaire

Filter: only users of public transport

3. What kind(s) of tickets do you use mostly at present? (multiple selections possible)

- Single tickets / day tickets
- Weekly tickets/monthly tickets
- Season ticket/private annual ticket
- Season ticket/annual ticket from employer/university/school

- Other

Filter: only users of cars/motorcycles

4. You currently use a car or motorcycle. Do you drive yourself or are you a passenger?

- Passenger only
- Passenger usually
- Driver and passenger to the same degree
- Driver usually
- Driver only

Filter: only users of cars/motorcycles

5. Do you have a fixed, reserved parking space at your residence or place of work or education? (multiple selections possible)

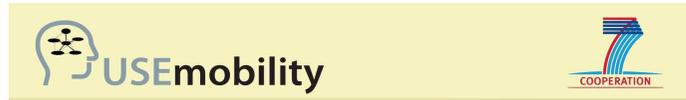

- no
- yes, at my residence
- yes, at my place of work/education
- yes, somewhere else

B. Type of change

6. Your use of transport has changed in the last five years. How did the change in your transport behaviour take place?

- overnight
- step-by-step/gradually

USEmobility general questionnaire

C. Perceived freedom of choice

7. In choosing or changing your means of transport did you decide freely or was it determined by certain conditions/situations?

- no other option
- some freedom of decision
- complete freedom of decision

D. Information behaviour and influence

Filter: only respondents with changes to public transport

8a. Who informed you about/motivated you to use public transport (more often)? (multiple answers possible)

- Family/friends/acquaintances/work colleagues
- Company, authorities, university/school
- Transport company/systems
- Media (TV, newspaper, radio, internet, ...)
- Observance of other people and their behaviour
- Public personalities (politicians, celebrities, athletes, ...)

Rotation of the items

- Own experience with public means of transport
- Other

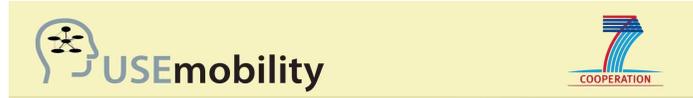

Filter: only respondents who chose 'Media' in question x.

8b. From which media did you get the relevant information? (multiple answers possible)

- TV
- Radio
- Newspapers
- Magazines
- Internet

- Other

USEmobility general questionnaire

E. Changes in the personal/private situation

9a. Has anything changed in your personal/private situation in the last five years?

- Change of job/work location yes no
- Relocation within the same city/town yes no
- Relocation to another city/town yes no
- Receipt of driving licence yes no
- Completion of schooling/training/degree yes no
- Purchase of a car or more access to a car yes no
- Access to a car no longer available yes no
- Birth of one or more children yes no
- Children began/changed school or nursery school yes no
- Retirement/loss of occupation yes no
- Changes in recreational activities (new hobbies, new club) yes no
- Health restrictions yes no

Filter: only areas in which a change has taken place

Example for proceeding

9b. How strong an influence did the change in your personal situation exercise on the choice and change of your means of transport?

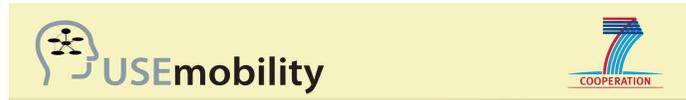

Change of job

- no influence
- moderate influence
- decisive influence

Birth of one or more children

- no influence
- moderate influence
- decisive influence

USEmobility general questionnaire

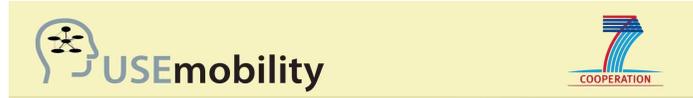

F. Reasons for the change in behaviour that are due to the attractiveness/advantages or the dissatisfaction/disadvantages of the means of transport.

Four survey models

- I. Use of public transport has increased
- II. Use of public transport has decreased
- III. Use of individual motorised transport has increased
- IV. Use of individual motorised transport has decreased

USEmobility general questionnaire

I. Use of public transport has increased

Primary factors of influence

Filter: Respondents among whom the use of public transport has increased.

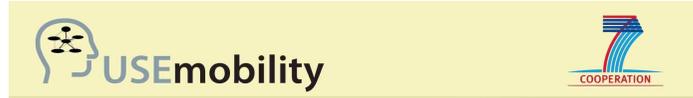

You now use public transport more often.

10a. Which characteristics of the means of transport used have convinced you to use public transport?

	Question 10a				
	How strong was the influence of the characteristic?				
	none	low	medium	strong	decisive
- Length of journey time (complete journey)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Costs	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Reliability/punctuality	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Safety from accidents/crime	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Reachability of bus stops, stations, destinations	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Journey (no/few transfers, short waiting times, information on th	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Simplicity in planning, availability of information, ticket purchase	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Travel comfort (quiet journey, seat, luggage, embarkation)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Flexibility of use	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Atmosphere (temperature, cleanliness, design)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Good staff	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Social contact (other passengers)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Accessibility (lifts, ramps, embarkation aids)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Frequency of connections	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Well equipped bus stops/railway stations	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Environmental friendliness	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Rotation of characteristics

USEmobility general questionnaire

Secondary characteristics: (> Breakdown of the primary factors of influence)

Filter: all areas for which moderate, strong or decisive influence was indicated.

10b_1. Which characteristics of [Reliability/punctuality] have convinced you to use public transport (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Punctual departures	<input type="checkbox"/>				
- Punctual arrivals	<input type="checkbox"/>				
- Independence from weather conditions	<input type="checkbox"/>				
- Technical reliability	<input type="checkbox"/>				
- Reliability of the connections	<input type="checkbox"/>				

10b_2. Which characteristics of [Safety] have convinced you to use public transport (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Large degree of safety from accidents compared to the car	<input type="checkbox"/>				
- Increased safety from crime	<input type="checkbox"/>				

10b_3. Which characteristics of [Reachability] have convinced you to use public transport (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Good connection at place of residence, short distances	<input type="checkbox"/>				
- Good connection at destination, short distances	<input type="checkbox"/>				
- General possibility of reaching destinations	<input type="checkbox"/>				

USEmobility general questionnaire

10b_4. Which characteristics of [Journey] have convinced you to use public transport (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- direct connection without transfer	<input type="checkbox"/>				
- Few transfers	<input type="checkbox"/>				
- Little effort to transfer / short distances on foot	<input type="checkbox"/>				
- Short waiting times	<input type="checkbox"/>				

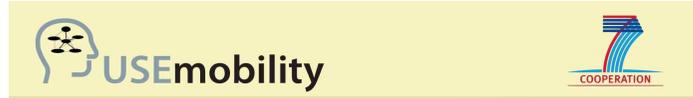

10b_5. Which characteristics of [Simplicity of planning, ticket purchase] have convinced you to use public transport (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Little planning effort	<input type="checkbox"/>				
- Simple access to information	<input type="checkbox"/>				
- Uncomplicated purchase of tickets	<input type="checkbox"/>				
- Only one ticket necessary (through-ticket)	<input type="checkbox"/>				

10b_6. Which characteristics of [Journey comfort] have convinced you to use public transport (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Gentle, comfortable driving style	<input type="checkbox"/>				
- Few disturbing noises	<input type="checkbox"/>				
- Secure driving feeling	<input type="checkbox"/>				
- Availability of seats	<input type="checkbox"/>				
- Comfort of seats	<input type="checkbox"/>				
- Sufficient space, available room	<input type="checkbox"/>				
- Comfortable embarkation/disembarkation	<input type="checkbox"/>				
- Simple luggage transport	<input type="checkbox"/>				
- Possibility of carrying out activities (e.g. working, reading, ...)	<input type="checkbox"/>				
- Possibility to relax	<input type="checkbox"/>				

USEmobility general questionnaire

10b_7. Which characteristics of [Flexibility of use] have convinced you to use public transport (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Extended times of operation (from early to late)	<input type="checkbox"/>				
- Intervals, frequency of departures	<input type="checkbox"/>				
- Good connection to other means of transport	<input type="checkbox"/>				
- Flexibility due to the use of network/season tickets	<input type="checkbox"/>				
- Flexibility of travelling in groups	<input type="checkbox"/>				
- Possibility to take other people along	<input type="checkbox"/>				
- Transferability of the ticket	<input type="checkbox"/>				

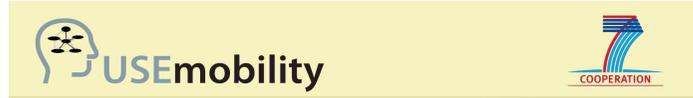

10b_8. Which characteristics of [Atmosphere] have convinced you to use public transport (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Pleasant temperature and air conditioning	<input type="checkbox"/>				
- Pleasant smell	<input type="checkbox"/>				
- Clear and attractive design of the interior	<input type="checkbox"/>				
- Colours of the interior/lighting	<input type="checkbox"/>				
- Attractive exterior design / colours of the vehicle	<input type="checkbox"/>				
- Cleanliness	<input type="checkbox"/>				

10b_9. Which characteristics of [Staff] have convinced you to use public transport (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Friendliness	<input type="checkbox"/>				
- Commitment	<input type="checkbox"/>				
- Appearance	<input type="checkbox"/>				
- Competence	<input type="checkbox"/>				

USEmobility general questionnaire

10b_10. Which characteristics of [Bus stops/stations] have convinced you to use public transport (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Well-equipped bus stops/ stations (shelter, toilets, ...)	<input type="checkbox"/>				
- Park & Ride, bicycle stands	<input type="checkbox"/>				
- Cleanliness at the bus stops/stations	<input type="checkbox"/>				
- Safe bus stops/stations	<input type="checkbox"/>				
- Attractive design of the bus stops/stations	<input type="checkbox"/>				
- Area surrounding the station (shopping possibilities, restaurants)	<input type="checkbox"/>				

10c. Has anything changed for you since you started using public transport?

	deteriorated	remained the same	improved	cannot judge
- Length of journey time (complete journey)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Costs	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Reliability/punctuality	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Safety from accidents/crime	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Reachability of bus stops, stations, destinations	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Journey (no/few transfers, short waiting times, information on the	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Simplicity in planning, availability of information, ticket purchase	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Travel comfort (quiet journey, seat, luggage, embarkation)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Flexibility of use	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Atmosphere (temperature, cleanliness, design)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Good staff	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Social contact (other passengers)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Accessibility (lifts, ramps, embarkation aids)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Frequency of connections	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Well equipped bus stops/railway stations	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Environmental friendliness	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Rotation of characteristics

USEmobility general questionnaire

II. Use of public transport has decreased

Primary factors of influence

Filter: Respondents among whom the use of public transport has decreased.

You now use public transport less frequently.

11a. Which characteristics have caused you to use public transport less frequently?

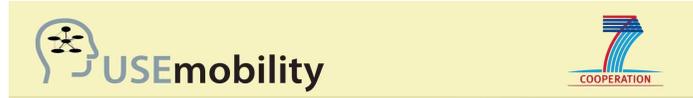

Question 11a

How strong was the influence of the characteristic?

	none	low	medium	strong	decisive
- Length of journey time (complete journey)	<input type="checkbox"/>				
- Costs	<input type="checkbox"/>				
- Lack of reliability/punctuality	<input type="checkbox"/>				
- Lack of safety from accidents/crime	<input type="checkbox"/>				
- Poor reachability of bus stops, stations, destinations	<input type="checkbox"/>				
- Complicated journey (transfers, waiting times, lack of information)	<input type="checkbox"/>				
- Complicated planning, lack of information, difficult purchase of ticket	<input type="checkbox"/>				
- Little journey comfort (quiet journey, seat, luggage, embarkation)	<input type="checkbox"/>				
- Lack of flexibility of use	<input type="checkbox"/>				
- Bad atmosphere (temperature, cleanliness, design)	<input type="checkbox"/>				
- Poor staff	<input type="checkbox"/>				
- Lack of privacy, disturbance from other passengers	<input type="checkbox"/>				
- Lack of accessibility, difficult access (no lifts, ramps, embarkation)	<input type="checkbox"/>				
- Too few connections	<input type="checkbox"/>				
- Poorly-equipped bus stops/stations	<input type="checkbox"/>				
- Low environmental friendliness	<input type="checkbox"/>				

Rotation of the characteristics

USEmobility general questionnaire

Secondary characteristics: (> Breakdown of the primary factors of influence)

Filter: all areas for which moderate, strong or decisive influence was indicated.

11b_1. Which characteristics of [Reliability/punctuality] have caused you to stop using public transport, or to use it less frequently?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Unpunctual departure times	<input type="checkbox"/>				
- Unpunctual arrival times	<input type="checkbox"/>				
- Weather conditions	<input type="checkbox"/>				
- Technical unreliability	<input type="checkbox"/>				
- Unreliable connections	<input type="checkbox"/>				

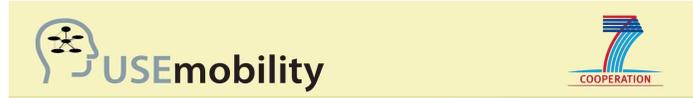

11b_2. Which characteristics of [Safety] have caused you to stop using public transport, or to use it less frequently?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Lack of safety from accidents	<input type="checkbox"/>				
- Lack of safety from crime/harassment	<input type="checkbox"/>				

11b_3. Which characteristics of [Reachability] have caused you to stop using public transport, or to use it less frequently?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Poor connections at place of residence	<input type="checkbox"/>				
- Poor connections at the destination	<input type="checkbox"/>				
- Lack of possibilities to reach the destination	<input type="checkbox"/>				

USEmobility general questionnaire

11b_4. Which characteristics of [journey] have caused you to stop using public transport, or to use it less frequently?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Transfers	<input type="checkbox"/>				
- Effort of transferring / long distances on foot	<input type="checkbox"/>				
- Waiting times	<input type="checkbox"/>				

11b_5. Which characteristics of [Planning/ticket purchase] have caused you to stop using public transport, or to use it less frequently?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Large amount of planning effort	<input type="checkbox"/>				
- Complicated access to information	<input type="checkbox"/>				
- Difficult ticket purchase	<input type="checkbox"/>				
- Different tickets are necessary	<input type="checkbox"/>				

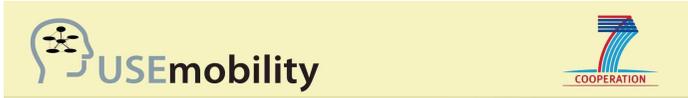

11b_6. Which characteristics of [Journey comfort] have caused you to stop using public transport, or to use it less frequently?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Jerky, rough driving style	<input type="checkbox"/>				
- Disturbing noises	<input type="checkbox"/>				
- Insecure driving feeling	<input type="checkbox"/>				
- Lack of seat availability	<input type="checkbox"/>				
- Poor seat comfort	<input type="checkbox"/>				
- Insufficient space, availability of room	<input type="checkbox"/>				
- Uncomfortable embarkation/disembarkation	<input type="checkbox"/>				
- Difficult transport of luggage	<input type="checkbox"/>				
- Lack of possibility for activities (working, reading, ...)	<input type="checkbox"/>				
- Difficult transport of children	<input type="checkbox"/>				
- Lack of possibility to relax	<input type="checkbox"/>				

11b_7. Which characteristics of [Flexibility of use] have caused you to stop using public transport, or to use it less frequently?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Restricted times of operation	<input type="checkbox"/>				
- Poor intervals, frequency of departures	<input type="checkbox"/>				
- Poor connection to other means of transport	<input type="checkbox"/>				
- No possibility to take other people along	<input type="checkbox"/>				
- No transferability of the ticket	<input type="checkbox"/>				

USEmobility general questionnaire

11b_8. Which characteristics of [Atmosphere] have caused you to stop using public transport, or to use it less frequently?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Unpleasant temperature and air conditioning	<input type="checkbox"/>				
- Unpleasant smell	<input type="checkbox"/>				
- Unclear and unattractive design of the interior	<input type="checkbox"/>				
- Unpleasant colours of the interior/lighting	<input type="checkbox"/>				
- Unattractive exterior design / colours of the vehicles	<input type="checkbox"/>				
- Lack of cleanliness	<input type="checkbox"/>				

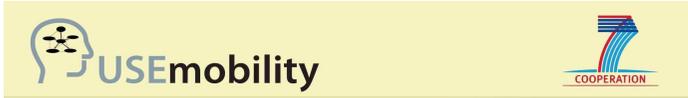

11b_9. Which characteristics of [Staff] have caused you to stop using public transport, or to use it less frequently?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Unfriendliness	<input type="checkbox"/>				
- Lack of commitment	<input type="checkbox"/>				
- Poor appearance	<input type="checkbox"/>				
- Lack of competence	<input type="checkbox"/>				
- too few / no staff available	<input type="checkbox"/>				

11b_10. Which characteristics of [Privacy, co-passengers] have caused you to stop using public transport, or to use it less frequently?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Unpleasant co-passengers	<input type="checkbox"/>				
- Lack of a privacy	<input type="checkbox"/>				
- Crowding	<input type="checkbox"/>				

USEmobility general questionnaire

11b_11. Which characteristics of [Bus stops/stations] have caused you to stop using public transport, or to use it less frequently?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Poorly-equipped bus stops/stations (shelter, toilets, ...)	<input type="checkbox"/>				
- Lack of Park & Ride possibilities and bicycle stands	<input type="checkbox"/>				
- Lack of cleanliness at bus stops/stations	<input type="checkbox"/>				
- Unsafe bus stops/stations	<input type="checkbox"/>				
- Unattractive design of the bus stops/stations	<input type="checkbox"/>				
- Unattractive surroundings of stations (shopping possibilities, rest)	<input type="checkbox"/>				
- Unattractive design of the bus stops/stations	<input type="checkbox"/>				
- Unsafe bus stops/stations	<input type="checkbox"/>				
- Unattractive design of the bus stops/stations	<input type="checkbox"/>				
- ...	<input type="checkbox"/>				

11c. Prior to the changes, did anything change for you with regard to public transport?

	deteriorated	remained the same	improved	cannot judge
- Length of journey time (complete journey)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Costs	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Reliability/punctuality	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Safety from accidents/crime	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Reachability of bus stops, stations, destinations	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Journey (no/few transfers, short waiting times, information on the	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Simplicity in planning, availability of information, ticket purchase	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Travel comfort (quiet journey, seat, luggage, embarkation)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Flexibility of use	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Atmosphere (temperature, cleanliness, design)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Good staff	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Social contact (other passengers)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Accessibility (lifts, ramps, embarkation aids)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Frequency of connections	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Well equipped bus stops/railway stations	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Environmental friendliness	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Rotation of characteristics

USEmobility general questionnaire

III. Use of individual motorised transport has increased

Primary factors of influence

Filter: Respondents among whom the use of public transport has decreased and use of individual motorised transport has increased.

You now use the car/motorcycle more often.

12a. Which characteristics have convinced you to use the car/motorcycle (more often)?

Question 12a

How strong was the influence of the characteristic?

	none	low	medium	strong	decisive
- Length of journey time (complete journey)	<input type="checkbox"/>				
- Costs	<input type="checkbox"/>				
- Reliability/punctuality	<input type="checkbox"/>				
- Safety from accidents/crime	<input type="checkbox"/>				
- Reachability of destinations and places	<input type="checkbox"/>				
- Simplicity of planning, access to information	<input type="checkbox"/>				
- High degree of journey comfort	<input type="checkbox"/>				
- Flexibility of use	<input type="checkbox"/>				
- Own control of the journey and the characteristics of the journey	<input type="checkbox"/>				
- Privacy and freedom	<input type="checkbox"/>				
- The joy of driving	<input type="checkbox"/>				

Rotation of the characteristics

USEmobility general questionnaire

Secondary characteristics: (> Breakdown of the primary factors of influence)

Filter: all areas for which moderate, strong or decisive influence was indicated.

12b_1. Which characteristics of [Reliability/punctuality] have convinced you to use the car/motorcycle (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Ability to plan and determine arrival times	<input type="checkbox"/>				
- Independence from weather conditions	<input type="checkbox"/>				
- Technical reliability	<input type="checkbox"/>				

12b_2. Which characteristics of [Safety] have convinced you to use the car/motorcycle (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Safety from accidents	<input type="checkbox"/>				
- Safety from crime/harassment	<input type="checkbox"/>				

12b_3. Which characteristics of [Reachability, parking space availability] have convinced you to use the car/motorcycle (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Good reachability of destinations	<input type="checkbox"/>				
- Availability of parking spaces	<input type="checkbox"/>				
- Short distance to parking space	<input type="checkbox"/>				

12b_4. Which characteristics of [Simplicity of planning, access to information] have convinced you to use the car/motorcycle (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- No/hardly any planning necessary	<input type="checkbox"/>				
- Little additional information necessary	<input type="checkbox"/>				

USEmobility general questionnaire

12b_5. Which characteristics of [Journey comfort] have convinced you to use the car/motorcycle (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Seating comfort	<input type="checkbox"/>				
- Quiet, undisturbed journey	<input type="checkbox"/>				
- Safe driving feeling	<input type="checkbox"/>				
- Simple, comfortable use	<input type="checkbox"/>				
- Transport of luggage/groceries	<input type="checkbox"/>				
- Sufficient space	<input type="checkbox"/>				
- Relaxing journey	<input type="checkbox"/>				
- Simple transport of children	<input type="checkbox"/>				
- Simple transport of other people	<input type="checkbox"/>				

12b_6. Which characteristics of [Flexibility] have convinced you to use the car/motorcycle (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Self-determined journey/departure times	<input type="checkbox"/>				
- Self-determined route	<input type="checkbox"/>				
- Independence from others	<input type="checkbox"/>				
- No organisation of the journey necessary	<input type="checkbox"/>				

12c. Has anything changed for you in the last few years in using the car/motorcycle?

	deteriorated	remained the same	improved	cannot judge
- Length of journey time (complete journey)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Costs	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Reliability/punctuality	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Safety from accidents/crime	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Reachability of destinations and places	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Simplicity of planning, access to information	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- High degree of journey comfort	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Flexibility of use	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Privacy and freedom	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- The joy of driving	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Rotation of characteristics

USEmobility general questionnaire

IV. Use of individual motorised transport has decreased

Primary factors of influence

Filter: Respondents among whom the use of public transport has increased and the use of individual motorised transport has decreased.

You now use the car/motorcycle less frequently.

13a. Which characteristics of cars/motorcycles have convinced you not to continue using these quite as often?

Question 13a

How strong was the influence of the characteristic?

	none	low	medium	strong	decisive
- Journey times	<input type="checkbox"/>				
- Costs	<input type="checkbox"/>				
- Unreliability/unpunctuality	<input type="checkbox"/>				
- Worries about safety (accidents, damage)	<input type="checkbox"/>				
- Poor reachability of destinations/availability of parking space	<input type="checkbox"/>				
- Complicated planning/preparation	<input type="checkbox"/>				
- Little journey comfort	<input type="checkbox"/>				
- Low flexibility of use	<input type="checkbox"/>				
- No joy in driving	<input type="checkbox"/>				
- Bad environmental compatibility	<input type="checkbox"/>				

Rotation of the characteristics

USEmobility general questionnaire

Secondary characteristics

Filter: all areas for which moderate, strong or decisive influence was indicated.

13b_1. Which characteristics of [Costs] have caused you to no longer use the car/motorcycle, or to use it less frequently?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Fuel prices	<input type="checkbox"/>				
- Tax / insurance	<input type="checkbox"/>				
- Price of acquisition	<input type="checkbox"/>				
- Maintenance and repairs	<input type="checkbox"/>				

13b_2. Which characteristics of [Unreliability/unpunctuality] have caused you to no longer use the car/motorcycle, or to use it less frequently?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Arrival times cannot be planned	<input type="checkbox"/>				
- Dependence on weather conditions	<input type="checkbox"/>				
- Technical susceptibility	<input type="checkbox"/>				
- Traffic congestion	<input type="checkbox"/>				

13b_3. Which characteristics of [Safety] have caused you to no longer use the car/motorcycle, or to use it less frequently?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Lack of safety from accidents	<input type="checkbox"/>				
- Lack of safety from damage/theft	<input type="checkbox"/>				

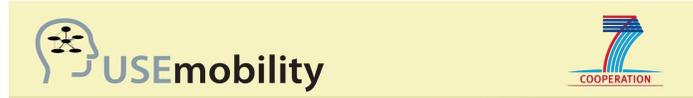

13b_4. Which characteristics of [Reachability] have caused you to no longer use the car/motorcycle, or to use it less frequently?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Poor reachability of destinations	<input type="checkbox"/>				
- Difficult search for parking spaces	<input type="checkbox"/>				
- Long distance to parking space	<input type="checkbox"/>				

13b_5. Which characteristics of [Planning/preparation] have caused you to no longer use the car/motorcycle, or to use it less frequently?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Complicated planning necessary (route, traffic situation, ...)	<input type="checkbox"/>				
- Keeping the vehicle operational (customer service, oil, MOT, ...)	<input type="checkbox"/>				

USEmobility general questionnaire

13b_6. Which characteristics of [Journey comfort] have caused you to no longer use the car/motorcycle, or to use it less frequently?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Stop-and-go traffic, congestion	<input type="checkbox"/>				
- Unpleasant and stressful journey	<input type="checkbox"/>				
- Negative behaviour of other drivers	<input type="checkbox"/>				
- Lack of freedom of movement	<input type="checkbox"/>				
- Lack of possibility to carry out activities during the journey	<input type="checkbox"/>				
- Lack of possibility to relax during the journey	<input type="checkbox"/>				

13c Has anything change in the last few years for you in using the car/motorcycle?

	deteriorated	remained the same	improved	cannot judge
- Journey times	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Costs	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

G. Main reasons for the current choice of means of transport

14. What had the greatest influence on your current choice of means of transport. Please distribute a total of 100 points among the following categories:

- Change in personal/private situation _____
- Attractiveness of the means of transport now more frequently used _____
- Dissatisfaction with the means of transport now less frequently or no longer u _____

100

USEmobility general questionnaire

H. Evaluation of public transport

Evaluation of the primary factors of influence

Filter: only respondents who use public transport

Public transport

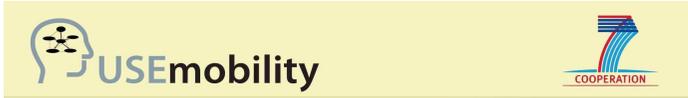

15. How do you rate the means of **public** transport used by you?

Loop for all means of public transport used (bus, city railway, ...), but max. 3 means of transport

	very negative				very positive		cannot judge
- in general	<input type="checkbox"/>						
- Length of journey time (complete journey)	<input type="checkbox"/>						
- Costs	<input type="checkbox"/>						
- Reliability/punctuality	<input type="checkbox"/>						
- Safety from accidents/crime	<input type="checkbox"/>						
- Reachability of bus stops, stations, destinations	<input type="checkbox"/>						
- Journey (transfers, waiting times, information on the progress of t	<input type="checkbox"/>						
- Simplicity in planning, availability of information, ticket purchase	<input type="checkbox"/>						
- Travel comfort (quiet journey, seat, luggage, embarkation)	<input type="checkbox"/>						
- Flexibility of use	<input type="checkbox"/>						
- Atmosphere (temperature, cleanliness, design)	<input type="checkbox"/>						
- Staff	<input type="checkbox"/>						
- Other passenger (social contact)	<input type="checkbox"/>						
- Accessibility, easy access (lifts, ramps, embarkation aids)	<input type="checkbox"/>						
- Frequency of connections	<input type="checkbox"/>						
- Facilities at bus stops/railway stations	<input type="checkbox"/>						
- Environmental friendliness	<input type="checkbox"/>						

Rotation of the characteristics

USEmobility general questionnaire

Filter: from here no longer related to the purpose of journey

I. Experiences / habits / familiarity ('Socialisation')

16. How familiar are you altogether with the following means of transport? Please consider your **experiences since childhood**.

	not at all familiar	little familiarity	moderate familiarity	high degree of familiarity	very familiar
Car / motorcycle driver	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Car / motorcycle passenger	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Bicycle	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Bus	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Tram/ subway	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
City railway/ local rail services (up to 100 km)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Long-distance rail services (more than 100 km)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

J. Environmental awareness / environmental behaviour

17. What do you do to be environmentally aware, or what do you plan to do ?

	already do	plan to do	do not plan to do	not relevant
consciously use public transport more often	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
travel more frequently by bicycle or on foot	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
reduce unnecessary mobility/journeys	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
donate to environmental organisations	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
organise my recreational behaviour in an environmentally friendly manner	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
actively support environmentally friendly companies, institutions, organisations	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
become informed about environmentally friendly transport behaviour	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
actively inform friends / acquaintances about environmentally friendly transport behaviour	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
forego flights	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
create carpools	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
sell the car, or not buy a new car	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
buy an environmentally friendly, fuel-saving car	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
use Park & Ride, parking the car and then continuing my journey with public transport	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
drive the car in an environmentally friendly, fuel-saving manner	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
use electro-mobility, vehicles with electric or hybrid engines	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

USEmobility general questionnaire

18. What percentage of your current costs for transport/travel/mobility would you be prepared to pay in addition for a **stronger environmental orientation**?

- environmentally friendly mobility should not cost more
- up to 5%
- up to 10%
- up to 20%
- up to 30% and more

K. Attitudes to/opinions of the means of transport/mobility (> segmentation)

19. How strongly do you agree with the following statements?

	disagree completely					agree completely
It is easy to manage without a car in large cities	<input type="checkbox"/>					
A great car shows that you've made something of your life	<input type="checkbox"/>					
Public transport is for people who can't afford a car	<input type="checkbox"/>					
The future lies in public transport	<input type="checkbox"/>					
Driving a car nowadays is a luxury	<input type="checkbox"/>					
The future lies in the combination of means of transport	<input type="checkbox"/>					
Generally I like using public transport	<input type="checkbox"/>					
Public transport should be extended further	<input type="checkbox"/>					
Driving a car is irresponsible towards the environment and coming generations	<input type="checkbox"/>					
Cars are more than a means of transport	<input type="checkbox"/>					
I decide pragmatically between public transport and the car, based on costs and journey t	<input type="checkbox"/>					
I cycle or walk as often as possible in order to stay fit/healthy	<input type="checkbox"/>					
For me, car sharing is a good alternative to private car use	<input type="checkbox"/>					
The future lies with the bicycle	<input type="checkbox"/>					
The future lies with the car	<input type="checkbox"/>					
The road network needs to be expanded in order to avoid congestion	<input type="checkbox"/>					
Car-free city centres are desirable	<input type="checkbox"/>					
A great advantage of the car is that one can choose one's own passengers	<input type="checkbox"/>					
For society, public transport is cheap compared to the car	<input type="checkbox"/>					

Rotation of the items

USEmobility general questionnaire

L. Emotional aspects of the means of transport – semantic differential

20. Which characteristics would you ascribe spontaneously to public transport and cars?

	public transport						car					
slow	<input type="checkbox"/>	fast	<input type="checkbox"/>	fast								
lovely	<input type="checkbox"/>	ugly	<input type="checkbox"/>	ugly								
weak	<input type="checkbox"/>	strong	<input type="checkbox"/>	strong

urban	<input type="checkbox"/>	rural	<input type="checkbox"/>	rural								
failure	<input type="checkbox"/>	successful	<input type="checkbox"/>	successful								
exciting	<input type="checkbox"/>	boring	<input type="checkbox"/>	boring								
egotistical	<input type="checkbox"/>	social	<input type="checkbox"/>	social								
emotional	<input type="checkbox"/>	rational	<input type="checkbox"/>	rational								
simple	<input type="checkbox"/>	complicated	<input type="checkbox"/>	complicated								
old	<input type="checkbox"/>	young	<input type="checkbox"/>	young								
nice	<input type="checkbox"/>	unpleasant	<input type="checkbox"/>	unpleasant								
female	<input type="checkbox"/>	male	<input type="checkbox"/>	male								
sociable	<input type="checkbox"/>	reserved	<input type="checkbox"/>	reserved								
peaceful	<input type="checkbox"/>	aggressive	<input type="checkbox"/>	aggressive								
spontaneous	<input type="checkbox"/>	planned	<input type="checkbox"/>	planned								

M. Social-demographic characteristics

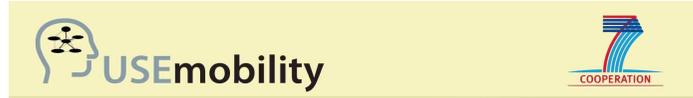

21. How old are you? _____ years

22. Your gender?

male

female

USEmobility general questionnaire

23. What is your present marital status?

- single
- married, non-marital partnership
- divorced, separated
- widowed

24. How many people live permanently in your household?

- 1 person
- 2 persons
- 3 persons
- 4 persons
- 5 persons or more

25. Do any children under the age of 18 years live in your household?

- no
- yes, one child > age of the child: _____
- yes, two children > age of child 1 _____; age of child 2 _____
- yes, three children or more > age of youngest child _____; age of oldest child _____

26. Your current occupation?

- Pupil
- Student
- Trainee / apprentice
- Housewife/househusband
- Retired
- Employed
- Self-employed

- other

USEmobility general questionnaire

27. Your highest educational qualification?

- Primary/junior secondary school
- Higher secondary school without qualifications
- School-leaving certificate
- Completed university degree

- other
- still at school

28. How high is your net household income (the total income of all members of the household)?

- below 1,000 €
- 1,000 € to below 2,000 €
- 2,000 € to below 3,000 €
- 3,000 € to below 4,000 €
- 4,000 € to below 7,000 €
- 7,000 € and more

- n/a

29. Is there a car available to you in your household?

- yes, permanently
- yes, usually
- yes, but only partially
- no, no car available

Appendix 2: Case-specific Questionnaire

USEmobility specific questionnaire

Example ZET Zagreb

S1. Means of Transport Used on the Way to Work

SCREENER

1. Which means of transport do you usually use on your way to work?

Not applicable

	Always	Frequently	Occasionally	Rarely	Never
Passenger car / motorcycle	<input type="checkbox"/>				
The ZET Zagreb	<input type="checkbox"/>				
Other public transportation	<input type="checkbox"/>				
Bicycle / walking	<input type="checkbox"/>				

2. Consider the last five years. Has your use of this means of transport changed in these years compared to today?

Today, I use ... **on the way to work** ... compared to before

	Much more frequently	More frequently	Slight change / no change	Less frequently	Much less frequently

USEmobility specific questionnaire

Example ZET Zagreb

Main survey ZET Zagreb

Filter: Questions 1 - 15 refer to the purpose of the journey

A. Current means of transport, mobility behaviour

The following questions refer to the purpose of the journey [Journey]

1. Which means of transport, apart from the ZET Zagreb do you use in particular? (multiple selections possible)

Filter: only users of public transport

- Bus
- Tram / subway
- City railway / local rail services (up to 100 km)
- Long-distance rail services (more than 100 km)

Filter: only users of cars/motorcycles

- Private car
- Company car
- Motorcycle

Filter: only users of bicycles/pedestrians

- on foot
- bicycle

Filter: users of cars/motorcycles and users of public transport

- Other

Filter: Use of more than one means of transport incl. other means of transport (bicycle) from screener

2. You use the following means of transport on the way to/from work. Which of these means of transport do you combine together?

Filter: show only means of transport used

Example:

- The ZET Zagreb
- Tram / subway
- Private car
- Bicycle

- no combination of a number of means of transport

USEmobility specific questionnaire

Example ZET Zagreb

Filter: only users of public transport

3. What kind(s) of tickets do you use mostly at present for journeys with the ZET Zagreb? (multiple selections possible)

- Single tickets / day tickets
- Weekly tickets/monthly tickets
- Season ticket/private annual ticket
- Season ticket/annual ticket from employer/university/school

- Other

Filter: only users of cars/motorcycles

4. You currently use a car or motorcycle. Do you drive yourself or are you a passenger?

- Passenger only
- Passenger usually
- Driver and passenger to the same degree
- Driver usually
- Driver only

Filter: only users of cars/motorcycles

5. Do you have a fixed, reserved parking space at your residence or place of work or education? (multiple selections possible)

- no
- yes, at my residence
- yes, at my place of work/education
- yes, somewhere else

USEmobility specific questionnaire

Example ZET Zagreb

B. Type of change

6. Your use of transport has changed in the last five years. How did the change in your transport behaviour take place?

- overnight
- step-by-step/gradually

C. Perceived freedom of choice

7. In choosing or changing your means of transport did you decide freely or was it determined by certain conditions/situations?

- no other option
- some freedom of decision
- complete freedom of decision

D. Information behaviour and influence

Filter: only respondents with changes to public transport

8a. Who informed you about/motivated you to use the ZET Zagreb (more often)? (multiple answers possible)

- Family/friends/acquaintances/work colleagues
- Company, authorities, university/school
- Transport company/systems
- Media (TV, newspaper, radio, internet, ...)
- Observance of other people and their behaviour
- Public personalities (politicians, celebrities, athletes, ...)

Rotation of the items

- Own experience with public means of transport
- Other

USEmobility specific questionnaire

Example ZET Zagreb

Filter: only respondents who chose 'Media' in question x.

8b. From which media did you get the relevant information? (multiple answers possible)

- TV
- Radio
- Newspapers
- Magazines
- Internet

- Other

E. Changes in the personal/private situation

9a. Has anything changed in your personal/private situation in the last five years?

- | | | |
|--|------------------------------|-----------------------------|
| - Change of job/work location | <input type="checkbox"/> yes | <input type="checkbox"/> no |
| - Relocation within the same city/town | <input type="checkbox"/> yes | <input type="checkbox"/> no |
| - Relocation to another city/town | <input type="checkbox"/> yes | <input type="checkbox"/> no |
| - Receipt of driving licence | <input type="checkbox"/> yes | <input type="checkbox"/> no |
| - Completion of schooling/training/degree | <input type="checkbox"/> yes | <input type="checkbox"/> no |
| - Purchase of a car or more access to a car | <input type="checkbox"/> yes | <input type="checkbox"/> no |
| - Access to a car no longer available | <input type="checkbox"/> yes | <input type="checkbox"/> no |
| - Birth of one or more children | <input type="checkbox"/> yes | <input type="checkbox"/> no |
| - Children began/changed school or nursery school | <input type="checkbox"/> yes | <input type="checkbox"/> no |
| - Retirement/loss of occupation | <input type="checkbox"/> yes | <input type="checkbox"/> no |
| - Changes in recreational activities (new hobbies, new club) | <input type="checkbox"/> yes | <input type="checkbox"/> no |
| - Health restrictions | <input type="checkbox"/> yes | <input type="checkbox"/> no |

USEmobility specific questionnaire

Example ZET Zagreb

Filter: only areas in which a change has taken place

Example for proceeding

9b. How strong an influence did the change in your personal situation exercise on your use of the ZET Zagreb?

Change of job

- no influence
- moderate influence
- decisive influence

Birth of one or more children

- no influence
- moderate influence
- decisive influence

F. Reasons for the change in behaviour that are due to the attractiveness/advantages or the dissatisfaction/disadvantages of the means of transport.

Four survey models

I. ZET Zagreb use has increased

II. ZET Zagreb use has decreased

III. Use of individual motorised transport has increased

IV. Use of individual motorised transport has decreased

USEmobility specific questionnaire

Example ZET Zagreb

I. ZET Zagreb use has increased

Primary factors of influence

Filter: Respondents among whom the use of public transport has increased.

10a. You now use the ZET Zagreb more often.

Which characteristics of the ZET Zagreb convinced you to use it, and have you noticed any changes?

Part 1 Part 2	Question 10a_1					Question 10a_2		
	How strong was the influence of the characteristic?					Changed noticed?		
	none	low	medium	strong	decisive	deteriorated	didn't notice	improved
- Length of journey time (complete journey)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

- Environmental friendliness	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Rotation of characteristics

USEmobility specific questionnaire

Example ZET Zagreb

Secondary characteristics: (> Breakdown of the primary factors of influence)

Filter: all areas for which moderate, strong or decisive influence was indicated.

10b_1. Which characteristics of [Reliability/punctuality] have convinced you to use the ZET Zagreb (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Punctual departures	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Punctual arrivals	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Independence from weather conditions	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Technical reliability	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Reliability of the connections	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

10b_2. Which characteristics of [Safety] have convinced you to use the ZET Zagreb (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Large degree of safety from accidents compared to the car	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Increased safety from crime	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

10b_3. Which characteristics of [Reachability] have convinced you to use the ZET Zagreb (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Good connection at place of residence, short distances	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Good connection at destination, short distances	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- General possibility of reaching destinations	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

USEmobility specific questionnaire

Example ZET Zagreb

10b_4. Which characteristics of [Journey] have convinced you to use the ZET Zagreb (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- direct connection without transfer	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Few transfers	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Little effort to transfer / short distances on foot	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Short waiting times	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

10b_5. Which characteristics of [Simplicity of planning, ticket purchase] have convinced you to use the ZET Zagreb (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Little planning effort	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Simple access to information	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Uncomplicated purchase of tickets	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Only one ticket necessary (through-ticket)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

10b_6. Which characteristics of [Journey comfort] have convinced you to use the ZET Zagreb (more often)?

	absolutely no influence	little influence	moderate influence	strong influence	decisive influence
- Gentle, comfortable driving style	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Few disturbing noises	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Secure driving feeling	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Availability of seats	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Comfort of seats	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Sufficient space, available room	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Comfortable embarkation/disembarkation	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Simple luggage transport	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Possibility of carrying out activities (e.g. working, reading, ...)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
- Possibility to relax	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
